

BOARDING RELEASE FORM

Dates of Boarding: Check in _____ Check out _____

THERE ARE TWO PAGES TO THIS DOCUMENT—PLEASE READ AND COMPLETE BOTH

Upon admission to the hospital boarding facility, all pets will receive a brief physical exam (at no charge) by the Veterinary Technician. If other services such as vaccines or blood collection procedures are performed, an office call or technician exam may be charged.

In cases of severe illness or injury, these problems will be brought to the attention of the doctor, who will examine your pet (at additional expense) and decide on a course of treatment. We will make an effort to contact you, but in rare circumstances, treatment may be necessary and instituted to stabilize or treat your pet if you can not be contacted. If minor problems are noted by the technician, please elect a course of action:

- _____1. Please have my pet examined by the doctor and treated.
- _____2. Please note the problem and I will make an appointment with the doctor upon my return.

In the event of severe illness or injury, I, the undersigned, do hereby give my consent for the doctors and staff of Chesapeake Animal Hospital to treat, prescribe for, or operate upon my pet(s) while they are being boarded at Chesapeake Animal Hospital. This will be at my expense. They are to use all reasonable precautions against illness, injury, or escape of my pet(s), but they will not be held liable or responsible in any manner whatsoever, under any circumstances, on account of the care, treatment, or safe keeping of my pet(s), as it is thoroughly understood that I assume all risks.

Upon admission to the hospital, all pets will be treated at no charge with Capstar, which is a tablet which kills fleas within 4 hours. It is safe to use with any other type of flea control. If flea infestation is severe, the pet may be bathed at owner expense.

All vaccinations must be current, including Distemper/Parvo, Rabies, Bordatella, and Canine Influenza for dogs, Feline Distemper, Rabies, and either the Feline Leukemia vaccine or a negative test within the past year for cats. A negative fecal exam within the year is required for all dogs. There will be a \$4.50/day additional charge for administering oral medications, and a \$9.75/day additional charge for administering injectable medications, (plus the cost of the medication or fluids, if applicable). Medical boarding fees may apply in some circumstances where the pet requires closer supervision.

Should the circumstances arise that my pet(s) remain unclaimed after the date which I have stated as the pick-up date, I understand that written notice will be mailed to the address above. Seven days after such written notice, the pet(s) will be considered abandoned and may be disposed of, or destroyed, as you deem best. It is further understood that such action will not relieve me from paying all costs of your service and the use of your hospital, including the cost of the boarding service.

Chesapeake Animal Hospital will not be held responsible for any lost, misplaced or damaged leashes, collars, toys, towels, or bedding materials which may be left with your pet. I understand that Chesapeake Animal Hospital is staffed during the following hours:

7:30 AM to 7:00 PM Monday, Tuesday, and Thursday

7:30 AM to 5:00 PM Wednesday and Friday

8:00 AM to 12:00 Noon Saturday

I have read the foregoing and agree:

Signature of Owner/Representative of Owner

Date
